## HOW TO MAINTAIN THE CONDITION OF YOUR EXPLORER?

Regular maintenance ensures that the most crucial components of your Explorer are working with clockwork smoothness for years to come.

### CLEAN AFTER ADVENTURES

For optimal performance and lifespan, oil your Explorer's motor slots (located on the bottom) with a drop of oil.

In the event of operating the toy in muddy, watery, or dusty environments, additional cleaning becomes necessary. Open the gearbox, clean the motor with a mild solvent, and re-oil everything thoroughly. Sealing the gearbox securely and applying fresh oil (including the motor) will maintain peak performance and keep your Explorer ready for its next adventure.

### KEEP TIRES CLEAN & DRY

Ensure that the tires are clean for optimized grip. Gently wipe the tires with a damp cloth whenever they become dirty.

Do not immerse the Explorer or any part of it in water to clean it.

### SAFETY PRECAUTIONS

The Mirana Explorer should be used by children aged 4 years or above. While using it for the first time, this toy car should be safely set up under adult supervision. Do not try to modify any part of the Explorer, which may negate your authority to use it. Rechargeable batteries of this toy car should be charged under adult supervision only. While charging the Explorer, do not touch the electric outlet and the charging port with bare/wet hands to avoid electric shock. Do not use damaged electric outlets for charging batteries.

Adults should examine the USB cable, plug, enclosure or other parts of the Explorer regularly. Strictly adhere to this instruction manual while operating the Explorer.

### DISPOSAL INFORMATION

Never dispose of the Explorer along with the household waste. If / When you decide to dispose of this toy car, discard it in e-waste container that are in accordance with the local environmental laws, guidelines and battery recycling procedures.
